AUGUST 13, 2024

The Town Board of the Town of Conklin held a Work Session at 6:00 P.M. on August 13, 2024, at the Conklin Town Hall. Mr. Dumian, Supervisor, presided.

PRESENT:	Town Board Members	Finch, Boyle, Farley, Francisco, Dumian
	Town Counsel	Mark Spinner
	Town Clerk	Sherrie L. Jacobs
	Secretary to the Supervisor	Teresa Bamber
	Code Officer	Nick Pappas
	Highway Superintendent	Jeff Hayes
	Zoning Board of Appeals	Elizabeth Einstein
	Zoning Board of Appeals	William Brodsky
GUESTS:	Abundant Solar	Andrew van Doorn
	Abundant Solar	Matt McGregor
		Laurie Francisco
		Gary E. Huntley

DOG PARK ENTRY SYSTEM

Mr. Dumian stated that the Town received a quote of \$3,270.00 for a keyed access entry system for the Dog Park, adding that a quote for additional required fencing is still needed. Secretary to the Supervisor Teresa Bamber is researching obtaining internet for the Community Center through Verizon, with no connection to the nearby well house. Mr. Dumian questioned whether installation of an entry system will actually solve the problems faced by the Dog Park and Mr. Finch and Mr. Farley stated, “90%.” Mr. Dumian commented that “you can’t control the owners.” He added that dogs should have tags from the Town in which the dog’s license was issued. He stated that the fence will need to be four feet by 6 feet high. The project will be discussed further at the September 10 meeting.

KIRKWOOD WATER LINE CONNECTION

Mr. Dumian stated that a discussion has been held concerning running water lines from the City of Binghamton to the area near Home Plus on Conklin Road. Town Engineer John Mastronardi gave an estimate of \$435,135 in the fall of 2023 to pursue this option. Mr. Dumian stated that the Town “needs to get new numbers,” adding that this is “urgent.” He stated that the Town should look at the recently acquired property on the corner of Powers Road and Conklin Road as the potential site of a new well. Mr. Spinner will research the reason why the well in Schnurbusch Park was decommissioned, as it is relatively close to the potential new well site. Mr. Dumian stated that if the Town were to connect to the Town of Kirkwood water line, it would be supported by both the Town of Kirkwood supply and that of the City of Binghamton, which connects to the Town of Kirkwood water lines. He stated that the Town is looking at several potential plans/options.

KENWORTH TRUCK

Mr. Dumian stated that the 2017 Kenworth truck is not being used by the Highway Department, adding that a new truck has been ordered. He stated that he thinks a second 5500 truck should be ordered, which would not require a CDL to operate, and the Kenworth should be sold. Mr. Boyle disagreed, stating that the Town should keep the Kenworth because it has an automatic transmission, and give it to the Parks and Water Department for construction use, instead of using the plow trucks, which he stated have stainless steel boxes. He stated that using the Kenworth instead of the plow trucks would keep the plow trucks in better shape. Mr. Boyle asked if the Kenworth was worth \$70,000. Mr. Dumian stated that the Kenworth is too big for

the Parks and Water Department to use. He suggested putting it on Auctions International. Mr. Farley, Mr. Francisco, and Mr. Finch all agreed with Mr. Dumian.

SOLAR ENERGY SYSTEMS LAW

Mr. Dumian stated that the proposed Solar Energy Systems Law is designed to regulate applications, not prohibit them. Town Attorney Mark Spinner added that if a local law conflicts with New York State (Climate) Law, a judge could overrule the local law, especially if public utilities are involved. The Town cannot ban solar energy, even if it wanted to do so.
